WHAT TO EXPECT

You may request invitations be sent to your clients, or request research to identify specific prospects.

Approximately one week prior to the event, you will receive a list of registered attendees. Please note that we often receive last minute registrations and cancellations, so this list is only preliminary.

After the event, you will receive a final attendee list that includes attendee contact information and details who won which prize.

At the event, vendors are assigned an exhibit space that includes a table and chairs, or high top. The host venue provides wifi and access to power.

WHAT TO BRING

Vendors are encouraged to bring a laptop or tablet to show pictures/video, floor plans, capacity charts, menus, etc. Marketing collateral and signage including retractable banners are acceptable.

We do ask that you refrain from playing videos with loud music that may disturb conversations taking place next to you. No outside food or beverage is permitted.

Due to limited space, we can only accommodate up to two (2) representatives per vendor.

All vendors are required to bring at least one prize (minimum \$100 value) for the prize draw. Additional prizes or swag is permitted.
